PANY OF UTAH, TOOELE COUNTY,
UTAH**

THE STATE OF UTAH TO ALL
OPERATORS, TAKERS OF PRODUC-
TION, MINERAL AND ROYALTY
OWNERS, AND PARTICULARLY
ALL PERSONS INTERESTED IN

Township 2 South, Range 6 West
Section 20, Tooele County, Utah

Notice is hereby given that tenta-
tive approval was given by the Divi-
sion of Oil, Gas and Mining, on June
4, 1985 to commence mining opera-
tions in the above-described section,
Tooele County, Utah.

The name of the mining operation
is the Little Mountain Quarry and the
person representing the company is
Mr. E. S. Gallagher, P.O. Box 1469,
Salt Lake City, Utah 84110.

Portland Cement Company of Utah
has fulfilled obligations under the
Utah Mined Land Reclamation Act of
1975 (Section 40-8, UCA 1953 as
amended) with specific reference to
Section 40-8-18 and will employ the
following mining and reclamation
techniques on approximately 20 acres
of fee-owned land.

During Operations:

1. Limestone is drilled and blasted.
Rock is hauled by front-end loader to
a crushing system and stockpiled by
conveyor. Front-end loader fills trucks
with the crushed limestone for trans-
port.

2. Site facilities will include mining
machinery, crushed limestone stock-
pile, overburden waste pile, conveyor,
office and storage buildings, and ac-
cess roads.

3. In the first phase, 250,000 tons
per year (tpy) of crushed limestone
and 75,000 tpy of shale will be open-
pit mined (1985-1987). In the second
phase, 350,000 tpy of limestone and
150,000 tpy of shale will be open-pit
mined.

4. Little Mountain Quarry operation
will save and store topsoil for use in
reclamation. Runoff from disturbed
areas is contained in a sediment con-
trol system.

Following Operations:

1. The site will be reclaimed by re-
grading, topsoil redistribution, prepar-
ing a seed bed and seeding.

2. Highwalls and the main access
road will be left in place.

Any person or agency aggrieved by
this tentative decision is hereby re-
quested to submit written protest
within thirty (30) days of the date of
publication to the Division of Oil, Gas
and Mining, 355 West North Temple,
3 Triad Center, Suite 350, Salt Lake
City, Utah 84180-1203, setting forth
factual reasons for his or her com-
plaint, and thereafter, at a time and
place to be established, appear before
the Board of Oil, Gas and Mining to
show cause, if any, why this mine plan
should not be approved.

DATED this 17th day of June 1985.
